

## All Executives Need to Know about BOI

The Board of Investment (BOI) offers foreign investors a wide range of incentives and services that can help make their investments more profitable. However, many top executives do not fully understand how to take full advantage of the wide range of fiscal incentives and non-tax incentives offered by the BOI, nor do they understand what the BOI requires from them in terms of reporting requirements.

Therefore, to help foreign investors gain a better understanding of the incentives and services offered by the BOI and the procedural requirements for maximizing benefits; Investor Club Association is hosting this executive seminar.
